

BOND MONEY IS APPORTIONED TO CITY BANKS

IN SPECIAL SESSION, COUNCIL ADOPTED RECOMMENDATION FOR DEPOSITING OF FUNDS DERIVED FROM BOND SALES.

In special session last night, the city council adopted a recommendation looking to the depositing of bonds received from the recent sale of special improvement bonds. The amount was \$93,362.03, which was a balance of the entire sum of \$96,825 which had been received from the sale of the special improvement bonds. The difference had been paid out to the contractors who are now working on the public improvements here, the bond trustees having given check against the New York bank which is representing the city to the contractors.

The meeting was called to order by the clerk in the absence of President Greenhut, of the council, who was out of the city. A quorum being present, Alderman Pfeiffer, of the council, called the meeting to order and Alderman Kugelman took the chair, which motion prevailed.

Chairman Bushnell, of the board of bond trustees, being called on for report, submitted the following:

Report of Trustees:
Pensacola, Fla., Dec. 15, '09.
To the Honorable President and Members of the City Council:

Gentlemen: The board of bond trustees begs to report that delivery of the \$100,000 4-1/2 per cent. improvement bonds of the city of Pensacola, numbered from 651 to 750, both inclusive, has been made and payment received for the same, namely, the sum of \$93,362.03.

The board now requests authority to deposit the following sums in the banks previously named as depositories to bear interest at the rate of 4 per cent. per annum, upon the filing with the city of satisfactory bond: First National Bank of Pensacola, \$30,000.00; American National Bank of Pensacola, \$18,000.00; People's National Bank of Pensacola, \$7,150.00; Citizens National Bank of Pensacola, \$7,150.00; Pensacola State Bank, \$7,062.03.

Report Adopted.
The report of the bond trustees was adopted and Chairman DeSilva, of the finance committee, introduced a resolution that the report of the bond trustees be received and spread upon the minutes, and the further provision that the board of bond trustees be authorized to deposit the sums named in the respective banks named, each bank to furnish a good and satisfactory bond to the city. The resolution was adopted.

Just before the meeting adjourned, Alderman DeSilva, as chairman of the finance committee, reported that he had in hand the bonds of the First National Bank and also that of the Citizens National Bank, both of which had met with the approval of the city attorney. The bonds were ordered to take their usual course, which consisted in their being recorded and then filed in the city vaults.

This meeting, which was attended by Aldermen Bear, Conant, Williams, Welsh, Renshaw and Pfeiffer, was then dissolved adjourned.

Women Who Are Envious.
Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Bitters work wonders. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvet skin, and lovely complexion. Many charming women owe their health and beauty to them. 50c. at all drug stores.

Knox Wants Time

To Report on the Nicaraguan Affair

(Continued from First Page.)

ment authorities, but who the prisoners were was not indicated. The dispatch also says that Zelaya has published a statement promising to resign the presidency of Nicaragua in favor of Madriz, who, as Zelaya's can-

didate, is not the choice of the people there.

In the absence of specific information, the state department officials discredit the news published some days ago of an important engagement between the government and revolutionary forces at Rama, in which the revolutionary army is said to have been defeated. The fact that the government has received no information is regarded as almost proof positive that no engagement has taken place at Rama.

Should Zelaya carry out his purpose of resigning and installing Madriz in his place as president, there is reason to believe that the Estrada faction would continue their activities with even greater vigor.

The people of Nicaragua, it is said, cannot look for better conditions under Madriz's administration, as he is known to be a strong partisan of Zelaya, although he has himself been imprisoned several times by Zelaya's direct orders. Madriz's selection

gave answer to the charges which had been preferred against him by the mayor.

Upon the adoption of this resolution, Treasurer Howard and "representative" was voted the privilege of the floor to make his defense. This motion, offered by Alderman Renshaw, was also adopted. Mr. Howland came

forward and offered an explanation, saying that he had been unable thus far to give bond in the sum required. This was regarded as a plea of guilty, but asked if he had anything further to present, Mr. Howland presented the following:

TREASURER'S PROPOSITION.
Pensacola, Fla., Dec. 15, 1909.

To the Honorable Mayor, the Honorable President of the Council, and the Honorable Council of the City of Pensacola.

Gentlemen: I hereby request that you reduce the amount of my bond to \$2,500. I might be able to give a \$5,000 bond, but it is safer to say \$2,500, and this amount is about eight times as large as the total sum that I have had in my hands in the thirty months that I have held the office.

I pledge myself to execute any powers-of-attorney or pledges of any sort, in such a form as you may order, that will irrevocably during my term of office bind the city collector, the auditor and the other city officials that are, or may be authorized to receive money for the city, to pay said money direct to the designated city depository.

I hereby pledge myself to at once pay over to the said depository any moneys that may be paid to me as city treasurer from any source whatsoever.

Very respectfully,
HAROLD HOWLAND.

A GENERAL DISCUSSION.
Reading the treasurer's proposition, or "agreement" as it was later termed, there followed a general discussion. Alderman Conant proposed that there be a suspension of action on the bond, which had not been done, and to prove it, he introduced as witnesses Clerk Aymard and Mayor Kelly. Both of them were put under oath and each of them stated that the treasurer had not administered the bond.

CASE IS DEFENDED.
The treasurer, Mr. Howland, who

was represented by F. F. Bingham, was then invited to take a seat within the council chamber. This he did, and Mr. Bingham, introducing no testimony to controvert the city's communication, begged leave to report.

"That they have carefully considered such, in connection with the city attorney, and are of the opinion that there is no sufficient reason for the reduction in the amount of the bond required of the city treasurer, and on account of the duties and powers imposed upon the said officer, that it would be ill-advised and unsafe to make a reduction in the amount of the bond to the extent and upon the terms proposed, and the city attorney advises that the city cannot enter into a binding and legal agreement as suggested."

The report was signed by each member of the committee.

The report was adopted without a dissenting vote, but with some explanations by some of the aldermen, who held that the city attorney had proposed could not be legally adopted and no reduction was advised.

THE TRIAL STARTS.
A resolution by Alderman DeSilva, which was adopted, then put the case squarely up for trial. This was as follows:

"Resolved, That the council hear and determine the character of the charges which have been preferred, and that the oath be administered to each member of the council."

This was adopted.

The city attorney then presented the case in a few words. He said that the law required the treasurer to furnish bond, which had not been done, and to prove it, he introduced as witnesses Clerk Aymard and Mayor Kelly. Both of them were put under oath and each of them stated that the treasurer had not administered the bond.
